

# The Public and Environmental Health Advisory Board (PEHAB) Seeks New Members

- Do you live or work in Contra Costa County?
  - Are you active in the community?
- Are you interested in, or knowledgeable about, health issues?
  - Can you commit to regular monthly meeting attendance?

PEHAB is a 19-member board with members appointed by the Contra Costa Board of Supervisors to advise Contra Costa Health Services on emerging public and environmental health issues, and is charged with recommending strategies to meet these concerns.

There are 6 seat openings, representing:

- ***School-Age/Adolescent Populations***
- ***Labor***
- ***West County At-Large***
- ***East County At-Large***
- ***Immigrant Community***
- ***Community/Consumer***

Board members must work or live in Contra Costa County. We welcome a broad range of participation from individuals with community or health backgrounds. PEHAB is committed to diversity in its membership. Members are required to attend the full board meetings on alternating months (6 times per year) and participate in one committee, generally meeting on alternating months. This is an average time commitment of four hours per month.
