## B. Background Information about Care Plus's Network Providers

### B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
- The term “**providers**” includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
  - o It also includes LTSS providers that you may use as a Care Plus member.
  - o Providers that are a part of our plan's network are called network providers.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a provider who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - o Oncologists care for patients with cancer.
  - o Cardiologists care for patients with heart conditions.
  - o Orthopedists care for patients with certain bone, joint, or muscle conditions.

You may need a referral or prior authorization for a specialist or someone that isn't your PCP. A referral means that your network PCP must give you approval before you can use the other provider. A prior authorization is different than a referral. It means that Care Plus (not your network PCP) must give you approval before we'll cover a specific service, item, or drug or an out- of-network provider. If you don't get a referral or prior authorization, Care Plus may not cover the service, item, or drug.

- o Referrals or prior authorization aren't needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or
  - services from a women's health specialist.
- o More information on referrals and prior authorization is available in Chapter 3 of the Member Handbook.
- You'll also be assigned a Care Team. Your Care Team consists of your PCP and the nurses, physicians, and staff that work with them. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:
  - o A **Care Manager** that helps you manage your medical providers and services.
  - o Your **Primary Care Provider**

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

## **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

### **B3. How to choose a Primary Care Provider (PCP)**

First, you will need to choose a Primary Care Provider (PCP). You may be able to have a specialist act as your PCP if you are receiving care from an OB/GYN specialist and it is agreed to and meets criteria for a PCP. You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in Section C and choose a provider
  - o that you use now, **or**
  - o who has been recommended by someone you trust, **or**
  - o whose offices are easy for you to get to.
- If you don't choose a PCP in our network, Care Plus will choose one for you.
- If you want help in choosing a PCP, please call Member Services at 844-729-8411 (TTY 711), 7 days per week, 8 a.m. – 8 p.m. The call is free. Or, visit <https://www.cchealth.org/CarePlus>.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at 844-729-8411 (TTY 711) and ask before you get the service or care.

### **B4. Long-term Services and Supports (LTSS) providers**

As a Care Plus member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as Skilled Nursing Facilities, Adult Day Care, Respite Care, Hospice Care, Home Health Care, Transportation Services, and Home Health Care. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Care Manager can help you and your Care Team determine what options are available to support you in the way you want.

## B5. How to access Care Plus's network providers

You may need a referral for someone who isn't a Primary Care Provider (PCP). There's more information about referrals in **Section B1**.

You must get all of your covered services from providers within our network. If you use providers who aren't in Care Plus's network (**without prior authorization**), **you'll have to pay the bill**.

A **prior authorization** is an approval from Care Plus to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan or your PCP's Network for other non-emergency services if Care Plus gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider.
- Care Plus works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, Care Plus can help you. Talk to Member Services for assistance

Providers are grouped by whether they are a PCP or a specialist, and then by their specialty, and are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. ## D. Background Information about Care Plus's Network Pharmacies

This Directory lists the pharmacies that you may use to get your drugs. These are referred to as **network pharmacies** in this Directory. These network pharmacies are pharmacies that **participate in and accept** Care Plus and have agreed to provide drugs to you as a member of the plan.

While most of the drugs you get from a pharmacy are covered by Care Plus, other drugs may be covered by Medi-Cal. This can include some over-the-counter medications and certain vitamins. For drugs covered by Medi-Cal, please visit the Medi-Cal Rx website ([medi-calrx.dhcs.ca.gov/](http://medi-calrx.dhcs.ca.gov/)) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

Please contact Care Plus Member Services at 844-729-8411 (TTY 711) or your Care Manager for assistance.

We also list pharmacies that are in our network but are outside the county in which you live. You may also fill your prescriptions at these pharmacies. Please contact Care Plus at 844-729-8411 (TTY 711), Monday through Friday 8 a.m. – 5 p.m., for additional information.

Care Plus members must use network pharmacies to get drugs except in emergency or urgent care situation.

- If you use an out-of-network pharmacy for prescriptions when it isn't an emergency, you'll have to pay out of pocket for the service.
- Read the Care Plus Member Handbook for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory

For up-to-date information about Care Plus network pharmacies in your area, please visit our website at <https://www.ContraCostaHealthPlan.org> or call Member Services at 844-729-8411 (TTY 711) Monday through Friday 8 a.m. – 5 p.m. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the Member Handbook and Care Plus's [List of Covered Drugs](#).

**If you have questions**, please call Contra Costa Health Care Plus at 844-729-8411 (TTY 711), 7 days per week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit <https://www.cchealth.org/CarePlus>

## D1. Types of pharmacies in Care Plus's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You're not required to continue using the same pharmacy to fill your prescriptions.

## D2. Long-term supplies of prescriptions

Extended-day supply benefits:

- Mail-Order Programs. We offer a mail-order program that allows you to get up to a 100-day supply of your drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- 100-Day Retail Pharmacy Programs. Some retail pharmacies may also offer up to a 100-day supply of covered drugs. A 100-day supply has the same copay as a one-month supply.

## E. Care Plus's List of Network Pharmacies

This part of the Directory includes a list of Care Plus's network pharmacies that participate in and accept Care Plus. You can locate a pharmacy near you by going to the section of the pharmacy type you are looking for, then to your county, then looking under your city. You can also search the [CARE PLUS Online Provider Directory](#).

You can find information on what the symbols mean by referring to the Provider's Diagram.

You can use any of the pharmacies in our network. Long-Term Care pharmacies are available only to members receiving care at those facilities.
